27.7.2023	Vietnam	USAID Vietnam	Director	Vietnam Digital Trade activity (VDT). The VDT is a two-year activity (2023-2025) addressing regulatory gaps and promoting private sector engagement in the rapidly growing digital economy. USAID VDT Activity supports the Ministry of Industry and Trade (MOIT)'s implementation of frameworks that facilitate digital trade, with an emphasis on supporting MOIT in holding public-private dialogues to ensure implementation is done in consultation with the private sector. Regulations that are responsive to private sector needs remove bottlenecks in trade faced by enterprises and increase regulatory transparency, helping to shape an e-commerce sector where enterprises of all sizes can benefit. VDT encourages the participation of small and medium enterprises (SMEs) in digital trade by introducing new business models and other best practices, such as traceability of goods, as well as facilitating cross-border connections between enterprises via MOIT's digital trade promotion platform
31.5.2018-31.5.2023	Vietnam	USAID Vietnam	Director	USAID Trade Program – Implement WTO Trade Facilitation Agreement, streamline specialized inspection through, among the others, the application of the risk management methodology. Improve the National Single Window and ASEAN Single Window system. The Program supported the General Department of Vietnam Customs to progress towards the complete digitalization of import and export procedures. Moreover, the Program set up a new e-learning management system for the Vietnam Customs School and developed the completion of e-learning courses covering the trade facilitation-related topics. The Program cooperated with the Vietnam Chamber of Commerce and Industry to set up a “Trade Facilitation Hub”, to create a digital forum promoting the relations between the Government and the Business sector.
